

Civil Contractors Federation (CFF)

Australian Infrastructure Summit 2017

Synopsis of Presentation

The Hon Darren Chester MP, Minister for Infrastructure and Transport

Minister Chester will provide an overview of the Australian Government's \$75 billion investment in infrastructure — including the Western Sydney Airport and the Melbourne to Brisbane Inland Rail. The Minister will also discuss the current pipeline of major projects throughout Australia; and the Government's significant investment in a freight and passenger rail revival focussing on faster rail connections between urban and regional centres.
